

Blue Frost, according to Reg Kesler, Kinsmen Rodeo stock supplier, is amongst the best bucking bulls in his string. For this year's rodeo performance in St. Albert, June 17 and 18 Mr. Kesler will again be bringing top-rated stock such as 102 Dead End, 707 Mile High and others. He also announced that in the Kesler Stables are such famous bucking horses as Rodeo News who was chosen the second best bucking horse of the world in 1971 while Moonshine was chosen the best bareback horse. The residents of St. Albert and surrounding area are in for a great time again this year at the Kinsmen Rodeo 111.

## Rodeo Breakfast To Be Served In Refurbished Park

This year's Kinsmen Rodeo has indeed not forgotten the younger people of our community since the whole event is going to be touchad-off Friday evening, June 16 with an unbeatable combination of the Kinsmen Beer Festival plus a presentation by The Privilege.

After a 'jolly' Friday night, everybody should be ready for a hearty breakfast of 'flap-jacks,' sausages, orange juice and lots of coffee. The 'gratis' breakfast will again be sponsored by the Grandin Park Businessmen's Association but this year a different twist has been introduced. Instead of serving the breakfast in the parking area of Grandin, the Lion's Club has volunteered to serve the breakfast in their newly refurbished park. Both, the Grandin Businessmen and Lions thought the people of St. Albert and surrounding area will welcome the change and enjoy a very substantial breakfast in a beautiful setting.

Don't forget to register your entry in the parade, scheduled to start Saturday morning at 10 a.m. Once the parade has broken ranks at the Kinsmen Grounds,

around 12 noon, action will start in earnest with family entertainment provided by the famous Alberta All Girls Drum and Bugle Band, aerobically performances, contests, and of course a full fledged rodeo program both at 2 p.m. and again at 7:30 p.m.

Besides having lots to see and do, there will also be many opportunities to win valuable draw prizes such as a Boy's Mustang bicycle and even another draw for a live pony and saddle.

If you haven't obtained a program yet, remember these important dates, times and events: Friday, June 16, 8 p.m. Kinsmen Beer Festival plus a presentation by The Privilege, Saturday, June 17, free breakfast at 7 a.m.; parade at 10 a.m., first rodeo performance at 2 p.m. and the next at 7:30 p.m. Next item on the program is the Kinsmen Beer Festival at 8 p.m. which lasts until 1 a.m.

On Sunday, June 18 the rodeo grounds open at noon with the Midway in full swing. An aerial show is scheduled for 1:45 followed at 2 p.m. by another full rodeo performance plus much more to do and watch until 6 p.m.

## Dual Millrate for '72

Council ratified budget estimates for the current fiscal year at Monday's regular meeting and unanimously accepted a dual mill rate of 72.645 and 78 in comparison to last year's 76 mills. The difference in rate structure was brought about by the different school supplementary requisitions

between the St. Albert public and separate school districts.

In breaking down the mill rate, Catholic school supporters will be paying 13.419 in supplementary requisition while their Protestant counterparts will have to

DONALD OUELLETTE

## Local boy saves lives in boating mishap

Donald Ouellette, 12 year old son of Mr. and Mrs. Albert Ouellette of 13 Gordon Crescent, St. Albert, was able to effect the rescue of three men, and through no fault of his own, could have made it four in an accident at Pigeon Lake about 12:30 noon May 21.

Donald, who is taking his senior badge training this year through the Red Cross program at St. Albert pool, gives full marks to the swimming and water safety programs he has taken.

Four men in two rubber-raft-type water vehicles, with peddles, had both rafts overturn when a wind came up on the lake. They were a half mile off Mamee Beach with neither life jackets nor

paddles, and not swimmers.

Donald was out in the family's small aluminum boat and responded quickly to their cries for help. He got two of the men safely to shore, and returned, accompanied by an adult man, for the others, who also were brought safely into the boat. However one of the rescued men panicked and upset Don's boat, spilling all four into the water. The unfortunate man who panicked went down and was drowned.

From the shore a Dr. Johnson, semi-retired had seen with binoculars what was happening and put his boat to the scene, pulling in

## Lions' Park Project Completed On Schedule

A separate endeavour but still part of the Lions' Park is the bandshell which was a project undertaken by the Breakfast Lions' Club and is

nearing completion.

As Jens Jorgensen said, "let's all make extensive use of the Lion's Park but let us also lend a hand to

keep it clean by avoiding littering and ensuring that the equipment is put to proper use and not damaged."

This is the crew of Lion workmen who did the job at Lion's Park. A completed the winter works project in 90 days. Besides building new kitchen quarters, the project included yard clearing, repairs to camp stoves, playground equipment, sodding and painting. These guys are proud of a job well done, especially Lion Jens Jorgensen shown far right. At left we see Lothar Melmberg who is charge of building the Lion's Breakfast Club's bandshell, also contained in the Lion's Park. Next to Lothar is Victor Perrault, Jim Farmer, Maurice Vaugeois, Walter Belcourt and Jens Jorgensen who was in charge of the project.

## Letters the Editor Town Speed Limit Deplored By Reader

The Editor:

Although a comparative newcomer to St. Albert, I feel very concerned, when I read that our Town Council has passed over another Police Commission Recommendation, namely that, they lower the speed limit through St. Albert to 30 m.p.h. from 40 m.p.h. Their reasoning is, that there are supposed to be traffic lights installed soon, when??

There could be another fatality between now and then. Are they aware that summer is here, children are all over the place, and human nature being what it is, they don't always obey signs. We could help to safeguard their lives surely by reducing the speed limit on that hazardous section of road through the town.

Margaret I. Romaine.

## Gibbons residents to vote on AGT proposal

A meeting will be held on Tuesday, June 13 in Gibbons Community Hall for discussion by residents of the Village on the AGT offer for individual line service to some 200 customers in the village.

The offer was mailed to the Gibbons subscribers on May 23. The decision of the residents will be made by ballot

and AGT expects results will be known early in July. If the ballots returned favor individual line service AGT will go ahead with their plans to install a new SA-1 cross-bar exchange office in Gibbons. The new exchange will have initial capacity of 640 lines. If approved this project will go into service in early March 1974.

## St. Jean - Michelot Wedding

Father Colin Levange conducted the wedding service for Theresa Michelot of St. Albert and Gilbert St. Jean of Edmonton in St. Albert Roman Catholic Church on Saturday, May 20th.

David Larose read the passages of scripture selected by the bride and groom. Bertha Kennedy at the organ, and Guy Hebert soloist, provided the wedding music. The altar boy was a nephew of Mrs. Michelot - Bertha Baker of Pope Pious Parish, Edmonton.

The beautiful bride came down the aisle on the arm of Mr. Hector Perron, and was given in marriage by her mother, Mrs. Val Michelot. Her lovely gown was fashioned on princess lines of white Italian crepe, featuring a full train flowing from the neckline at back, with full length tulle veil, held by a white flower circlet. Two rows of white applied daisies formed a deep band at the hemline of her gown, and matching daisies trimmed the deep cuffs of the full length sleeves.

In traditional style the bride wore something old -

an heirloom pendant with matching earrings, a gift of her father to her mother 50 years ago; something new - her gown; something borrowed - a ring from Marie Wolniewicz which was her mother's, Mrs. Alfred Chevigny, and something blue - her ruffled parter.

She carried a bouquet of roses and carnations.

For a reception and banquet following the ceremony, Mrs. Michelot wore a charming dress and coat ensemble in pink tone, Lace embroidery studded with seed pearls trimmed the neckline of the dress and outlined the collar and front panels of the coat.

The beautifully decorated cake which centred the head table was baked by the groom's sister, Mrs. Claire Guenette, and decorated by Theresa's other sister-in-law, Mrs. Claire St. Jean. Pinked and white tapers flanked the cake and bouquets of pink and white carnations decorated the table. Head table guests were Father Levange, Mr. and Mrs. Guenette, Mr. Syl Boucher, an old and dear friend Mrs. Guenette, Mr. Syl Bue-

lier and Mrs. Michelot. A toast to the bride was proposed by Mr. Stan Boucher, an old and dear friend of her family, to which the groom graciously responded. Mr. Art Huff Jr. acted as master of ceremonies, and read telegrams of congratulations from many far away friends.

Out of town guests were Miss Emilia Laplante of Creston, Mrs. Bill Goshorn of Spokane, Mr. and Mrs. Bill Watson of Trill, Irene Huff of Vancouver, Loretta Huff of Kamloops, Jack Huff of Vancouver, and Mr. and Mrs. Charles St. Jean of Stony Plain. Charles is the brother of the groom.

Over 200 guests attended

the wedding dance which followed and gave Gilbert and Theresa a rousing "Jolly, Good Fellows send-off before leaving.

For a wedding trip to Los Angeles and San Francisco, the bride changed to an off-white dress and coat outfit, with matching accessories and sweetheart roses on corsage. The couple will make their home in the Calder District, Edmonton.

the two men and Donald who were clinging to the overturned boat. He took them all into his cottage and one man with evidences of recent pneumonia was dispatched to hospital in Wetaskiwin. Dr. Johnson had warm praise for Donald's prompt and courageous action.

Throughout the incident Don's parents had a pretty anxious time, back on the beach.

Donald is a member of the Power Skating Club and

the Lancer's hockey team, in addition to his swimming activities. Following the accident it was some time before his boat was recovered, and in fact Erling Winkist, over at Mulhurst Beach some miles away had seen the boat floating upside down a time or two before it was finally tracked down by staff of a marine shop at Pidgeon Lake. He did, however lose his jacket and clothing, which he had the good sense to remove when he was spilled out of the boat.

Continued from page 1, shell out 18,774, being an average of approximately \$26 per homeowner. To the supplementary requisitions of course the education foundation plan remains the same for both protestant and catholic ratepayers, namely 24.52.

Last year, ratepayers in St. Albert lived under a mill rate of 76 mills thus using the average assessment of \$5,000 per residence, the total taxes on the average property was \$380. Using the same assessment

## Millrate

of \$5,000 per average home, this year the Catholic school supporter will pay about \$363 while his Protestant counterpart will be charged \$390.

Further clarification of the total mill rate structure covers debenture debt at 10.994 mills; municipal 18.869; Sturgeon Health Unit 1.672; Sturgeon General Hospital 3.063 and Edmonton Rural Auxiliary .036. Thus ratepayers can clearly see that St. Albert Town Council has exhausted every conceivable means to 'hold

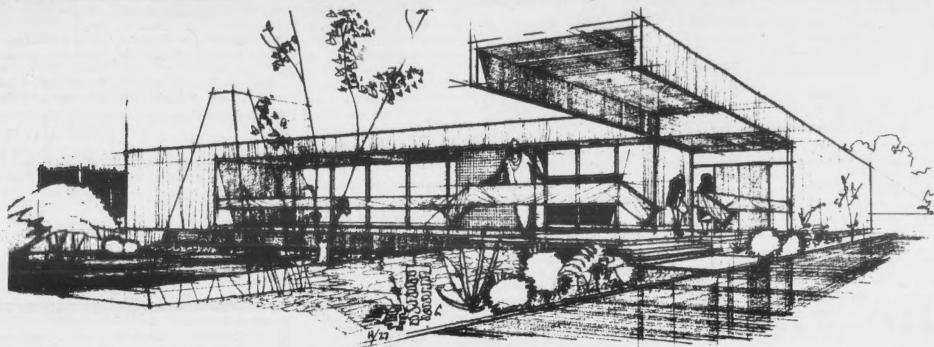

the line' and come up with a workable budget. Two sources of income have contributed greatly to this stable budget, increased municipal assistance grants plus an increase in assessment of about \$4 million over last year.

The sacred city of Hardwar on the Ganges River in India prohibits the eating of meat, fish, even eggs, lest its sanctity be sullied by the killing of a living creature, the National Geographic Society says.

## AROUND TOWN

Several well-known media types who make their home in St. Albert have been getting around town and into the columns of the local weekly lately. Gord Grant of Canadian Press won the \$25 door prize at the annual Blossom Ball in Morinville, sponsored by the Ladies Auxiliary to the Sturgeon General Hospital Saturday night. Tiger Goldstick and Irv Shore of CFRN were on hand at Simpson School for the presentations of the Stations Award to the school on Friday.

**Front Elevation of Proposed Building**

A building of approximately 8,000 square feet is proposed. The Edmonton firm, Architects Groves Hodgson, will be commissioned to provide the necessary plans, specifications, etc. once members indicate the support required to proceed with such an endeavour. Generally speaking, the configuration of the building will be as follows:

# Legion Unveils \$190,000 Building Plan

## Background

The St. Albert Branch of the Royal Canadian Legion has had its ups and downs since it was established in 1957, when members met in an old egg-grading plant and chicken station behind the community hall. Jim Rogers was elected as the first president.

But at present, with 215 paid-up members and an active Ladies Auxiliary, the local Legion is very much a going concern, with plans to put up a new building and play a much more active role in the community.

In 1958 when the Branch was informed by the town that they would have to move, a portion of the present hall on Tache Street, near the curling rink, was moved in from Kingsway Legion, and put up by volunteer Legion members. Three years later the kitchen and lounge facilities were added to the building.

Joe Durocher and Jim Byrne personally signed the note for funds to erect the Cenotaph at Church and Grandin replacing what had become an unkempt site. Eight years after moving to their present location, Mr. Durocher took 30 days holidays and devoted his time to searching out the deed to the property at Town Hall. Time had almost run out when he located it, and the town authorized title to the Legion in 1966.

Following a joint rally with city commands held at the Club Mocombo in 1968, the St. Albert branch was revitalized and grew to a membership of 100 by year end, from a low point of 10 members.

Since the beginning of 1971 steady growth has increased the membership to 215 and the Branch is now facing a real need for more adequate quarters.

## THE MEMORIAL HALL AND SOCIAL CENTRE

The new building proposed by the committee, under finance chairman Reg Bremner, will have a total of about 8,000 square feet of space.

3,600 square feet will be for a banquet room to accommodate approximately 300. The lounge would occupy roughly 1,000 square feet, with kitchen and related areas taking 1,100. Foyer, administrative, storage, janitor and washrooms would account for 1,200 square feet.

Committee rooms, games room and bar and cooler area would have between 300 - 500 square feet each.

The need for added banquet facilities for wedding receptions and a variety of social functions is growing as the town grows, and rentals from these areas, and the meeting rooms, will assist substantially in retiring the borrowing for the building.

However there will also be space available at no charge for youth organizations during hours when these facilities are not in use. The new centre would supplement the overworked clubhouse in this respect.

The location of the building is central, away from heavy traffic areas and near Lions Park and the Curling Rink, making it ideal for a Memorial Hall and Social Centre in St. Albert.

## Membership

Voting Membership in The Royal Canadian Legion is available to veterans of any war that Canada has been officially engaged in. To members of the Canadian Armed Forces with two years service. To veterans of conflicts of the British Commonwealth and her Allies. Honorary memberships are awarded on occasion to worthy citizens of a community who have performed special service to the Legion, and are authorized by Provincial Command.

## Changes coming

A resolution was carried at the National Convention in Regina in May which, when it becomes effective will open membership to sons and daughters of Veterans at the age of 18. And to all members of the Canadian forces and to members of the Militia with two years service and members of the RCMP with two years service. These changes are to become effective no later than January 1st, 1973, pending changes in the constitution.

## Finance

Based on the preliminary plans the new Memorial Hall and Social Centre for the St. Albert Branch of The Royal Canadian Legion will cost an estimated \$190,000 complete with furniture and fixtures, \$135,000 will go for the building itself.

The building committee is hopeful of getting the architect's plans completed, the foundation poured and sub-flooring in by early fall.

Basically the project will be financed by the sale of non-interest bearing debentures, in amounts of even hundreds, and some have already been sold ranging from \$200 to \$500 each.

"If we can sell 300 debentures at \$100 each this project could be well launched, with the plans and foundation in by late summer," said finance chairman Reg Bremner.

The building committee is exploring all avenues of obtaining funds through by way of grants and mortgage loans to supplement the debenture sales, and are satisfied they have a sound business proposition in the new centre.

People who wish to borrow money for a debenture and repay it on a regular basis of their choosing, may make arrangements to do so at any of the local banks or the credit union.

A plan being considered by the committee for repayment of the debentures, is to hold an annual social evening, when a draw will be made from names of all debenture holders, the winners being paid back that year.

## Government not committed to Athabasca

For the past several months, the government has reviewed all capital projects initiated by the previous administration. This review has included an assessment of the plans for the proposed Athabasca University.

The government is not prepared at this time to indicate a specific site for the fourth university. Nor is the government ready to make a commitment on the exact date for its opening. We prefer to wait and examine university enrolment trends for the next two or three years before making any such announcement, said Jim Foster, minister of advanced education.

University growth patterns typical of the "sixties" have changed. Despite the continued increased size of the 18 - 24 year age group, university enrolments have levelled off for the time

being 1982. The fact that university attendance in the last two years has not kept pace with increasing population is complex and difficult to analyze."

"The government is very much interested in and approves the academic plan developed by the Governing Authority of Athabasca University. This plan stresses innovative instructional methods and the use of educational technology. Further, the academic plan calls for the development of cluster colleges which encourage close faculty-student interaction and small social groupings. When the need for a fourth provincial university becomes more clearly apparent, the government accepts that the Athabasca University plan will serve as a model."

The pilot project would extend over the next four to

five years. The first two years would be spent in assembling the physical material and human resources necessary to undertake the developmental study. The final three years would constitute the study proper. The project would involve a group of approximately 250 students (a college in miniature) with the necessary academic and professional staff operating in temporary quarters. The aspects of the Athabasca plan to be tested are: the effectiveness of an instructional resource centre for independent learning, the desirability of tutorial sessions, the feasibility of individual student programs, the possibility of developing communications skills as a basis for individual growth and the cost effectiveness of alternative instructional patterns. The

pilot project will also include the testing of community outreach programs similar to those being conducted by the British Open University.

The details of the pilot project and its financial requirements will be referred to the Universities Commission for study and approval.

While the project will be subject to continuing scrutiny, the Department of Advanced Education sees it as a feasible and realistic developmental study.

St. Albert MLA Ernie Jamison has proposed to the government that the St. Albert site for the university be held as a provincial park and recreational area, for the use of St. Albert and Edmonton regional residents, pending the results of the studies underway on the university situation.

## Council Roundup

Town council Monday night put teeth into its bylaw which provides protection for persons and property. Vague as this title may sound, its purpose is by no means vague at all... said bylaw, now passed in third and final reading states in part: No person shall sell, convey, set off or fire fireworks or firecrackers within the Town boundaries of St. Albert without permission of the Town Council. The bylaw further spells out that no person shall permit a person under the age of 16 to handle fireworks in any way within the boundaries of St. Albert. The clenching portion of the air-tight bylaw awards the RCMP or anyone granted authority by council to seize and impound fireworks found within the boundaries of St. Albert.

As a result of Mr. R. A. Russell's resignation as EMO co-ordinator council approved a recommendation to appoint M. Stagg as his successor. Mr. Stagg lives in Grandia Village, is a town planner by profession and comes to his new position with an enviable military career.

With Mayor Gibbon away on holidays and Councillor Hudson absent, council Monday functioned with only five votes including deputy mayor Kambooroff. On the motion to adopt or reject the first Monday in August as "Native Peoples Day," the tally of 3 - 2 defeated the motion. Voting against were councillors Kambooroff, Bakker and deBruijn. Mr. Al "Boomer" Adair, minister without portfolio, Northern Development, Alberta Indian-Metis Liaison submitted his intention to introduce Bill No. 71 being a proposal to observe the first

Monday of August as Native Peoples Day and that this day be annually set aside as a public holiday. Council in a majority vote spoke against the proposal because it was felt that Canada is composed of a multi-nationality country and if one day a year was set aside for Native people, other ethnic groups would have to be given equal recognition. As Councillor Bakker said: "I'm against this recommendation because I feel every day should be Native People Day, like every day should be every ethnic group's day." He concluded by saying that we don't need to be reminded... by means of a holiday... to respect our fellow man.

CFRN Good Morning Man Irv Shore presenting School Patrol Trophy to Capt. Debbie Morris while Lieutenants Patti Hughes, Christine Hoosier, and Edward Gullberg look on.

## Sir George Simpson Patrol Awarded Sunwapta Safety Trophy

It was a proud day for the Grade 4, 5 and 6 Safety Patrol of Sir George Simpson Junior High School last Friday when they were awarded the trophy of the month from the Alberta Motor Association safety patrol service. Mr. Ole Armfelt, AMA supervisor in the safety patrol division said that this was the first time this award was made to a school outside the Edmonton city limits.

Working in conjunction with the AMA on the safety program aimed primarily at school children is CFRN radio and CFRN-TV. Champions with children and stars in their own right were Irv Shore the early morning man

of CFRN radio who thrilled the hundreds of students attending the presentation ceremonies held in the school's assembly area. Another stalwart with youngsters, also present for the occasion was 'Tiger' Goldstick of CFRN-TV.

On stage with the dignitaries were Sir George Simpson Safety Patrol Captain Debbie Morris, accompanied by her three lieutenants Patti Hughes, Christine Hoosier and Edward Gullberg. Debbie received the giant trophy from Mr. Ole Armfelt of the AMA. Immediately following the presentation, Mr. Floyd Fawthel, also a super-

Prather, who accepted a certificate on behalf of the school and said, "this certificate will be lodged in our showcase of awards and displayed with pride for a job well done by our teacher-supervisor and our great crew of safety patrolers."

## Funeral services held for Frederick Laird

The Reverend Bert McQuaid, Rector of All Saints Church, Drayton Valley, Alberta, and a long-time close friend of the family, conducted the funeral service for Frederick Laird at St. Albert United Church on Friday, May 26. Mrs. Lillian Upright, organist, and several members of the United Church choir provided the music and led the hymns for the service.

Family members present were the wife of the deceased, Renee Laird, his daughter Margaret and son Stephen and Mrs. Laird's cousins, Dr. N. W. Weir and Mr. E. D. Weir, and their wives.

Mr. Laird was predeceased two years ago by his only brother, Norman. Pallbearers were Robert J. Dunselth, Norman M. Fleming, Dr. Roly B. Campbell, John de Bruijn, Ron H. Harvey and A. George Lynch.

A large crowd filled the church for the service, including family friends of all ages and of many denominations. Cremation followed at Westlawn Memorial Park in Edmonton.

Fred Laird was born in Belfast, Ireland, the son of Mr. and Mrs. James Davidson Laird. During the second World War he served with the Royal Ulster Rifles, as a Major in the 6th Airborne Division under the British Airborne Forces. He took part in the D-Day landings in Normandy.

He was married to Renee Mulligan in Belfast in 1949, and their two children were born there, before Fred came to Canada and Edmonton in 1956. His wife and family joined him there the following year. In 1960 they moved to St. Albert where they have made their home at 12 Greenview Crescent.

After recovery from a major operation to the esophagus last November, Mr. Laird's health had deteriorated in recent months, and he died in the University Hospital in Edmonton on May 23.

## Panthers - Chiefs Villeneuve - Tigers have close games

Spruce Grove Panthers scored five runs in the first two innings and then held on for a close 5 - 4 win over Calahoo Chiefs Monday night in Calahoo. Clean-up hitter Wally Gamble hit a three-run homer in the first inning and two Calahoo errors in the second allowed the final two runs to score.

Calahoo managed single runs in the first, second, fifth and seventh innings but could not get the equalizer.

Al Garte went all the way for the win while Artie Stevenson took the loss. Larry Mitchell had a home-run over left field for Calahoo

while Roger Berube had two singles.

In Villeneuve the home town squad scored an 8-7 extra inning win over Grandin Esso Tigers. Neil Flynn singled, went to second on a steal and then scooted home on a throwing error for the winning run. Harold Olsen picked up the win while George McNee was charged with the loss.

St. Albert CJD Implements came up with a fine 5 - 4 win over Spruce Grove Eagles by scoring three times in the fifth and one in the sixth to wipe out a 4 - 1 Eagle lead. Reliever and

winning pitcher Dick Bird rapped a three run homer in the fifth while Brian Zamislinski scored the winner from second on Larry Cote's single.

## Saints win double-header over Police

St. Albert Willowbrook Saints baseball club picked up their first win of the season Sunday with a thrilling 10th inning win over the City Police Athletics.

A double down the third base gap by Chester (Old Folks) Cunningham drove in

passed ball.

The second game was an exhibition affair with the Saints winning 6 - 5.

In the opening contest, the Saints behind the fine pitching of Wayne Biggs ap-

peared to have everything under control with a 9 - 4 lead after six innings.

The Athletics then found the grove in the seventh and rapped out three straight hits and scored an equal number of runs to reduce the Saints lead to 9 - 7.

Arnold Bailey's single in the seventh drove in Richie

Perrault who had singled and stole second to give the Saints a 10-7 lead.

Biggs ran into trouble in the ninth when Henry Hodgson dropped a fly in centre-field, followed by a walk and a two run scoring double by the Athletics. Athletics leading hitter Wayne Smith picked up his fifth hit of the game and drove in the tying run. Coach Larry Murray pulled Biggs and reliever Jim Nelson struck out Ray Smith to end the inning.

Nelson had no trouble in the 10th allowing one walk and three infield put outs.

The win evens the Saints Sunburst League record at 1 - 1 with Burns Shamrocks winning 10 - 7 last Tuesday.

Saints had their eye on the ball with 15 hits, Martineau, Bailey and Perrault had three each.

Athletics top man was Smith with five hits and five runs batted in.

## Largest of its Kind Roger's Esso Service Sets June 4 Opening

It was only five years ago when Roger Caouette purchased the old Imperial Oil service station which has been a landmark for years at the north end of town along St. Albert Trail. During that relatively short period, Mr. Caouette has built a new and imposing Esso Service Centre and is getting ready to have his new premises officially opened on Sunday, June 4.

Mr. Caouette, owner and operator of Roger's Esso is a native son of Legal,

Alberta where he was born and received his education. He married the former Miss Rachel DeChamplain and they have seven children.

After purchasing the old landmark from W. Veness in 1967, which consisted of three bays in an old frame building fronted by a single pump island, Roger started making plans to develop his new business in a way to keep abreast of this rapidly developing community.

It was in 1971 when his present centre was started.

First he built part of the new premises then he demolished the old and extended the new part until it encompassed a total floor area of over 4,000 square feet. In these modern premises, Mr. Caouette operates an efficient 24-hour a day service including Sundays and holidays. Housed in the building, measuring 42 ft. by 97 ft. are spacious showrooms, offices, extra large stock room and five bays. "This is the largest Esso service station of its

kind in western Canada," says Mr. Caouette. He didn't reveal his yearly gasoline gallonage sales but he did admit to enjoying full use of his eight high-speed gas pumps in front of his premises. Mr. Caouette employs a staff of 22, including a full-time accountant, four journeymen mechanics, two apprentices and other staff.

On official opening day, Sunday, June 4, Roger's

Esso will give away hundreds of prizes including a door-opening draw when he will give away to some lucky person a beautiful portable television set. For a chance to win this prize, anyone can enter simply by dropping by Roger's Esso and filling out an entry form, without obligation. Throughout the day other valuable prizes will be awarded plus coffee and doughnuts, for all visitors. Mr. Caouette decided to

hold his official opening on a Sunday because he feels that's one day the whole family can drive out and really take full advantage of the official opening of a service station.

Roger Caouette and his office assistant, Jean Lewis, take a few minutes off for the photographer. Actually the office atmosphere isn't often this relaxed looking at the busy Esso station on Muir Drive.

Guy Bourgeois, assistant manager at Roger's Esso writes out an invoice behind a glass display case. Guy and Roger are getting prepared for the Grand Opening on June 4th of the station's new extended premises.

## Party completes fine program at Kindergarten

The four classes at the St. Albert Parish Kindergarten wound up their activities for the year by entertaining their parents with a program and party.

During the year representatives from the RCMP, Alberta Motor Association, a Dental Hygienist and Mrs. Elkins from the St. Albert Dog Patrol spoke to the classes and Mrs. Burry entertained the children with a delightful puppet show.

Throughout the year field trips were taken to the local and Centennial Library, the Provincial and local Museum, the Planetarium, the Chateau Lacombe, St. Albert Greenhouse, the St. Albert Fire Hall and Storyland Valley Zoo. The co-operation of the parents in providing the supervision and transportation for these outings and lunches for the

numerous parties was greatly appreciated.

The 96 children were each

presented with a diploma and report card at the end of the year.

## PSS Solicits Voice From S.A. Citizens

Mankesh Kurich, born in India, received all his post-secondary education at the University of Alberta and was awarded a Bachelor of Education degree. He majored in social problems in education and will be resuming studies in the fall towards a master's degree in community development. Recently, Mr. Kurich was added to the staff, for the summer months by the Preventive Social Services Board.

Mr. Kurich's function here this summer is to encourage residents of St. Albert, especially the teens and young adults to come forward with local problems and be willing to help with constructive solutions.

"This may sound nebulous," said Mr. Kurich, "but really, it is not nebulous at all." In explaining his observations further, Mr. Kurich said that it is quite common in communities such as St. Albert, where it's population is more than that of an ordinary town, youngsters lose their identity and have a tendency to be pushed into the background of things without ever being given an opportunity to express themselves.

"Teen and young adults," said Mr. Kurich, "have ideas about their community... they too have strong opinions about deficiencies in their town and would like to do something about it if given a chance." Mr. Kurich has ideas whereby the younger set in St. Albert could stand up and be counted. First and foremost he says is for the citizens who have ideas ought to come forward and explain the local problem and discuss a solution.

Mr. Kurich is very sensitive about directing the program, he prefers to perform as a catalyst between those who have ideas and those who are willing to do something about it.

Here is an example: Suppose there is a segment of the younger people in St. Albert who would like summer jobs. Mr. Kurich can find them jobs, but that would be defeating the whole concept of the scheme. He suggests that local young people tell him about their desire

to work and offer suggestions toward solving the problem. The results of this could evolve into a teen employment centre, run by teens whose purpose would be to place placements into summer jobs.

"This concept," said Mr. Kurich, "can be extended throughout the entire community where everybody, young and old can get involved in a meaningful endeavor." He further explained that a job-placement agency for teens is just an example. There are many areas in a community such as St. Albert where the same principle can be applied. He suggested sports, entertainment, drama, music and such activities could be brought into the total community involvement concept.

One point he wants to make very clear: "The concept has to originate from the community," he said, "and put into motion by the total community so that it continues to function year after year."

In closing, Mr. Kurich urged that citizens of all ages call him immediately and discuss their ideas with him. Reaction right now is of the utmost importance because time is of the essence if something is to be accomplished. Call Mankesh Kurich or Mona Acker, PSS director at 599-6601. Mr. Kurich may be reached at 475-4943 evenings.

Before calling, make up your mind about two things: (a) What do you think could be planned for St. Albert this summer. Which should become basis for the future? (b) What are you prepared to do about it? This is an opportunity for you to come forward and do your own planning.

## "Ride Safely" youngsters told

Mr. Bob French of 116 Grandin Road spoke to the 341 children in this year's pedal pusher's training program at the wind-up night held May 16. Bob, who has taken a keen interest in the program over several years, spoke to the youngsters on bike safety, common courtesy and common sense.

He impressed on the boys and girls that they are just as responsible for their own safety and that of others, as the driver of a car or truck.

Your bike is a vehicle - and you are an operator, he told them and owning a bike is a privilege to earn and to keep.

The Lady Lions, who sponsored the program - the largest ever - served date cups to the children and coffee and doughnuts to the instructors and parents.

In comparison with many Edmonton programs the St. Albert Pedal Pushers training put through far more children than districts such as Ottewill, Londonderry and Montrose, which is due to both the organizers and

the interested concern of parents here. But children with their skilled rider award don't know everything and continuing practice and reminders from

parents will back the work of the program. Constant vigilance by all St. Albert drivers is also needed to assure the safety of the children.

## Sprague - Ryton Nuptial

On Saturday, May 6 the wedding of Susan Sprague to Maurice Ryton took place in Gibbons Anglican Church at 3 p.m. She was given in marriage by her brother George Sprague.

Susan is the younger daughter of Mrs. Harris Sprague of Gibbons. Maurice came from England three years ago where his parents still reside.

The bride was dressed in a long white gown, lace over satin, long sleeves with a trailing veil. Her bouquet was of red roses. The maid of honor was Eileen Ryton and bridesmaids were Carol Kilduff and Gail Sprague. They wore floor length gowns of pale yellow and matching wide trim hats.

Best men were Scott Ryton, brother of the groom, Doug Sinclair and Adam Sarnecki.

A reception was held at 6:30 p.m. in the Gibbons Community Hall where a hot turkey supper was served.

Toast to the bride was proposed by Stan Mabbitt and Jim Sprague was master of ceremonies.

A dance was held following the supper.

Bride's going away outfit was a yellow suit.

After a weekend honeymoon the couple returned to their new Edmonton home.

On Saturday, May 13, the annual May Queendance was held at the Legal School. The candidates were: Judy Stewart representing grade nine; Lorraine de Champ-lain from grade ten; Paul-otto Laplante representing grade eleven and Terry Keane from grade twelve. Candidates were based on their ability to speak in public, an essay written beforehand, and apopularity vote taken by members of the Student's Union.

The ceremonies began at 9:30 p.m. with a welcome from Gerald Letourneau, Student's Union President, followed by a talk by last year's Queen, Anne Kallal. Next, the girls spoke; jud-

ges were Miss Frontier Daze, Barbara Hettinger, Matt Teller, member of Morinville School Board and Keith Everitt. Following tabulation of the marks, Terry Keane was crowned May Queen '72 at 11 p.m. Dancing to the music of "Odyssey" continued, and was followed by a lunch.

On Wednesday, May 17, Legal High School participated in the annual track and field meet held at George Vanier School. Schools competing included St. Albert, Paul Kane (St. Albert), Redwater, George Vanier (Morinville) and Legal.

At the end of the day, presentations were made. Legal High fared well once

again bringing back the trophy for the highest score of any school there. Individual trophies were awarded to the highest scoring person in each of the five categories. Richard Cornells, and D'Arcy Brisson, both from Legal, won the intermediate and senior boys respectively. Even though the weather was cold, many records were broken; the first and second winners of each class were eligible to go to North Centrals at Centennial Park, May 27.

Last Saturday the North Central track and field meet was held. Competition was keen; the weather was excellent for competition and for sunbathers. Four students from Legal High will be re-

presenting us at the Provincial meet in Edmonton next weekend; they are Jerry Krauskopf, Guy Garneau, Laurier Douzlech, and Richard Cornells for placing first or second in their respective events. Good luck is extended to those going to Provincials in Edmonton, June 2 and 3.

# School Division position stated in plain terms by McDonnell

The one thing that is wrong with the Sturgeon School Division is that our supplementary requisition is too high - about 40 per cent of the budget, said Chairman John McDonnell, speaking to the Morinville Board of Trade on May 24. "And I don't think we can control this," he added.

He mentioned examples of how the board's hands are tied: Administration costs at Namo are \$9 per student higher than at Camilla school, because while Namo has only 230 students, Camilla has 421, yet the board must provide a principal and assistant for both schools. (2) People want buses to their gates and (3) changes made in the provincial school foundation program, after we went to tuition agreements, are weighted in favor of high school construction. Teacher's training is increasing, forcing costs up.

The comment came after Mr. McDonnell had reviewed the changes in the division since 1965, when the budget was \$1,451,000 compared with \$2,148,532 in 1972. The division comprised 57 school districts in 1965, operated 12 schools for 2,707 students and employed 127 teachers.

The year 1966 saw great changes in the division, said Mr. McDonnell: the six districts in Legal withdrew, taking about 410 students and 21 teachers, and Mr. Martineau resigned, replaced by Mr. Harvey St. Onge of Legal. The board was reduced from five members to four.

Three high schools were closed that year: Camilla, Namo and Horse Hills, and the board made tuition agreements under which the Camilla students went to St. Albert and the others to Edmonton high schools.

By-laws for additions to Camilla, Namo and Horse Hills schools were challenged in 1968, but when the votes were in they passed. That same year the addition to Gibbons was done, with four classrooms, library and administration offices and the addition to Camilla school in Riviere Qui Barre was completed, adding seven classrooms and gym and washroom facilities. Schools in Alameda and Mearns were closed in 1968.

Additions were made in 1966 to Horse Hills, 11 classrooms, and Bon Accord four classrooms, with library, showers and office space for each. Five classrooms were added to Namo school in 1971 with library office and gym. The new Sturgeon Heights school for grades 1-9 was also completed in 1971, with 20 classrooms.

Resume of the building program over the period 1965-72 shows total additions of 51 classrooms, six libraries, two gyms, six offices comprising 113,484 sq. ft., at a cost of \$2,177,300. Thus the board's goals to provide libraries, offices improved washrooms, gym facilities, and to eliminate portable classrooms were accomplished in the main.

The BACM annexation of the in MD Sturgeon in 1971 took 200 students from the school division, noted Mr. McDonnell, being 40 high school students under tuition agreements, 120 out of Namo school, and 40 students from Horse Hills school.

## THE POSITION NOW

The chairman went on to draw the picture as it is in 1972.

The division is operating six schools and one alternative school. They serve 2,540 students, with a staff of 93 teachers, and there are no high schools, but 552 high school students are under tuition agreements.

The average teacher's salary in the division in 1965 was \$6,500 - in 1972 that average is \$10,234 and two-thirds of the staff has a degree or better. According to Mr. Kazura, provincial building inspector, bus loading facilities at the Sturgeon

schools are among the best in the province. The school have facilities for the use of Sturgeon Health Unit nurses and staff, set aside for them in every school.

A divisional librarian, Helen Kerr, is employed and libraries improved from practically no facilities to the point where the division won the Encyclopaedia Britannica Award for the district showing the most improvement across Canada, earning the \$800 prize and plaque, confirmed Mr. McDonnell.

The schools average 490 film strips, 390 slides and 160 sound recordings, and most are wired and equipped for television. Mr. McDonnell also referred to the increasing opening up in schools for community use throughout the division as a gratifying development over the past year, with more to come, for example Horse Hills school is presently planning a similar addition to that of Riviere Qui Barre for community use.

## LOOKING AHEAD

Mr. McDonnell discussed a plan under consideration by the board for a regional high school. "The division had on September 1 last 552 high school students. If we take our present school enrollment of grade 7 and grade 8 when they are in grade 10 - 11 (without any growth factor) we will have a high school population of 700 students in 1974-75.

Both the growth over the past five years has been two per cent in the grade 1-9 area while the high school population has increased at

a rate of eight per cent. So with a growth factor of seven per cent plus a carry-over of 50 grade 12 students, we could expect a high school population of about 800 students by 1974.

The cost of tuition fees for 1971 was \$66,000. Even with no increase in fee rate, which is unlikely, they will cost the division in 1974 about \$96,000.

If we were to take the operational revenue from the S.F. program and the 1971 tuition fees paid we would have had \$139,000 surplus out of its high school operation. What is Sturgeon going to do? The board is going to try and build its own high school for all of its students, said Mr. McDonnell.

The criteria for choosing a site was set out in six points:

1. Nearness to centre of present and projected student population.
2. Presence of good roadways leading to it.
3. Dependable water supply, preferably city water.
4. Availability of gas and power.

5. Not too far from the main supply of teachers which is most likely Edmonton and St. Albert.

6. Outside and away from any other school authority so that we would not effect their schools.

The size of school needed would be about 90,000 sq. ft. or a little more than twice the size of Sturgeon Heights. Cost would be about 1 1/2 to 1 3/4 million dollars he concluded.

DOG OBEDIENCE:

Dog obedience classes will start Tuesday, June 6, at 7:30 p.m. These classes will take place at the Coronado Post Office and the cost to participants will be \$1 per dog per evening. The instructor for these classes

will be Mr. Leon LeClerc and his dog who is the Edmonton Cubs and Scout dog. Mr. LeClerc has had much experience training dogs so I am sure the classes would be well worthwhile. I would like to point out that a dog does not have to be a pure-bred registered animal to be trained. Any dog can be trained to be obedient. For more information contact me at 255-3322 or 424-6276 between 1 and 3 p.m.

**HORSE TRAINING:**  
Mr. LeClerc has also spent a considerable amount of time working with horses. He has informed me that he would be willing to work with

children to assist them in training their horse to be safe and for certain types of riding. If anyone or perhaps a group of young people with horses is interested, call me for more information.

### STUDENT BUSINESS ENTERPRISES:

Any enterprising student who is interested in receiving assistance through a loan for creation, expansion or operation of student enterprises this summer can contact me for more information. I have brochures on this program and application forms, so if any student is interested contact me.

## BON ACCORD

By Sadie Allen  
Congratulations to Bob and Janice McRobbie on the birth of their son, Robert Matthew on May 18.

Mrs. Archie Schneider was hostess at a bridal shower on Tuesday, May 23 for Miss Vivian Courtepatte whose marriage to Tom Strawson took place at St. Albert on Saturday, May 27. The wedding reception and dance were held at the B.A. Community Centre.

The Goat Field Day held at the home of Mr. and Mrs. Eldon Samis on Saturday, May 27, proved to be very interesting for onlookers and participants alike. The show drew entries from Edson, Sanguo, Carvel Corner, Westlock and Bruderheim as well as closer points. Four breeds of goat were shown, the Toggenberg and Saanen being the most common types. There was one beautiful little black French Alpine and two Nubians, animals that are still quite rare in Canada. Judging the animals was Miss Sharon Offer of Sanguo. The Alberta Goat Breeders Association was formed in February, 1970 with a membership of five which has now grown to 45 members. Executives are: Mrs. Eileen Lesniak, Coronado, president; Mrs. Doreen Hamer, Redwater, secretary and Mrs. Gezella Motowyllo, Westlock, director. Members were unanimous in their praise of the animals, not only for their ease in handling and economy of keep but for their very substantial contribution of milk, cream, butter and meat to the daily diet.

Clean-up Day held on Saturday, May 27 and organized by new residents Dee Knobbe and Joanne Long, was a tremendous success. Forty-five willing volunteers scoured streets and lanes collecting over 150 bags of garbage. Proceeds of \$15 for bottles and cans collected added to the coffers of cubs and brownies. A special thank you to all who assisted in any way and to the B.A. Lions Club for the weiner roast following the clean-up.

On Sunday, May 28, B.A. Community Centre grounds swarmed with small boys when cub packs from the Elk Island District gathered for their fourth annual Cuboree. Packs from Josephburg, Lamont, Gibbons, Evergreen, Horseshill, Bon Accord, three packs from Ft. Saskatchewan and a guest pack from Sherwood Park participated in the many sporting events arranged for them by the hard working leaders and parents committee. Following the activities countless hot dogs, glasses of orange drink and ice cream were dispensed to the hungry crowd. This was the last cub activity until the pack reconvenes in the fall.

Baseball and softball teams are enjoying a very successful season so far, with all the boys teams and the 14 and 18 year girls chalking up decisive victories. B.A. men's team have won over Legal and tied Redwater and Namau. There will be a good opp-

portunity for baseball fans on Sunday, June 4 when Morinville will be here for a game. Scheduled time is 2 p.m.

By Gladys Morin

On May 15 a mother and daughter banquet was held in the Gibbons Community Hall for all brownie, guide and ranger mothers. There was a pot luck supper supplied by the mothers with the fathers serving.

Mrs. Diane Reddikopp recited a delightful poem about mothers. There was a campfire program with action songs. Mrs. Edna Nowell presented Mrs. Doreen Lamoureux with a gift from the association for her past work.

A very enjoyable evening was had by all and it was good to see that the first mother and daughter banquet was such a huge success.

Monday, May 15 the monthly meeting of the Gibbons Community Centre was held in the hall. It was decided to order 100 additional chairs for the hall and Legion hut.

MR. & MRS. JOHN CSUHANYS

## Csuhanys celebrate Golden Wedding

By Mary Quaghebeur

Mr. and Mrs. John Csuhanys of 15906 - 95 Avenue, Edmonton, celebrated their golden wedding anniversary on May 13, in the company of their four children, sixteen grandchildren and a number of relatives and friends.

An anniversary mass at Annunciation Church was celebrated by Rev. Father Burris. Rev. Father Cunniff was a guest and gave his blessings to the couple.

Following the church ceremony a reception for 100 relatives and friends was held at the Elmwood Community Hall, followed by a social evening.

Richard George, a grandson was master of ceremonies.

A beautiful decorated wedding cake was on the head table and seated with the happy couple at the table were their four children: Mrs. John George (Betty), Stony Plain; Mr. and Mrs. Cosmar Csuhanys, Edmonton; Mr. and Mrs. Norbert Quaghebeur (Mary); Mr. and Mrs. Joseph Csuhanys both from Legal.

Toast to the bride was proposed by a grandson Henry George.

Mrs. Csuhanys was charming in a blue lace dress with beige accessories complemented by an orchid, en corsage.

Mr. and Mrs. John Csuhanys were married May 6, 1922, in Belekafalfa, Hungary.

Mr. Csuhanys immigrated to Canada in 1926, coming to Alberta. Here he worked at different jobs at 25¢ a day.

So it took a while to save enough to bring out his wife and daughter (Betty).

Mrs. Csuhanys came in 1928. In 1933 the couple settled on a farm in the Legal district, and raised their family there.

In 1966 Mr. and Mrs. Csuhanys retired to Edmonton in their present home.

Three years later they took a holiday back to their homeland in Hungary. They found great changes in the country over the 41 years they had not seen it.

Messages of congratulations read from Mrs. Csuhanys's sister in Hungary, Premier Peter Lougheed, Mayor Dent, Prime Minister Trudeau, and friends from Toronto and Edmonton.

Mr. and Mrs. Csuhanys were presented with an engraved tray and a purse.

### Frontier Daze promotes trip

On the final evening of the Frontier Daze celebrations in Morinville, some lucky ticket holder is going to win a trip for two to Puerto Vallarta, Mexico. Air travel, accommodation some meals, a boat cruise and \$200 in cash, and may be taken anytime between December 1972 and April.

A further provision will allow the winner a choice of the trip or \$900 in cash. It's easy to make certain of a chance to get in on the trip - \$1 buys a ticket from any member of the Frontier Daze executive, Drayden Insurance office, MYR members or from Mrs Jack MacRae.

By Flo McGinnis

The Morinville Recreation Board held its regular meeting on Thursday, May 25 with six members present. Miss Margeoleine Chamberland was in attendance to explain the STEP program and what she hopes to carry out as summer activities for our Senior Citizens. Mary is program co-ordinator for the MD of Sturgeon to work with all Senior Citizens this summer. Also in attendance were two ladies from the Christian Ladies organization. So that the program will get away to a good start the recreation board later moved to allocate the sum of One Hundred Dollars to be used for the Morinville Senior Citizens' summer enjoyment.

Committee reports came in from: the Regionalisation Steering Committee who reported that regular meetings have been set up and good progress has been made so far; - the Keep Fit classes which have now been completed, apparently were a great success and it is hoped to continue in the fall with a similar set-up; - and from the Pedal Pushers it was reported that the final night

To make soft soap (from an 1865 Almanac):

To ten pounds of fat, take eight pounds of potash, and fourteen gallons of water. Dissolve the potash in part of the water, and let it bear an egg.

was set for May 26. There were 98 children enrolled with 10 instructors for the five groups. Leopold Bousonnault was the chief instructor, Flo McGinnis and Karen Weston as co-ordinators. Next year it is hoped that even more of the children will take the course and become members of the club.

The Frontier Daze parade on June 17 will certainly be well worth waiting for, especially since both the rec. board and the pedal pushers themselves will be taking part.

No teen representatives have yet been named to act as advisors to the board and names are still being accepted. There were three teen-agers instructing and assisting with the pedal pushers and they did an absolutely tremendous job. The recreation board would like to officially commend Carol Wojtkiw, Gary Rothert and Terry Wojtkiw for a job well done! They used their ability, initiative and their own time, to put some of us adults to shame.

The letters and delegations regarding Heritage Lake have met with favorable response from both the town council and the Lions' Club. The town has allocated a portion of the grant they received under the STEP program for improvements on parks, and the Lions' Club is arranging for more garbage containers.

The Lion's Club had organized a clean-up May 17 - until it rained! We've heard an awful lot of complaints so perhaps some of those people could do their part too and it won't be left up to one group alone. 'Co-operation' is the name of the game.

Two short leadership schools are coming up this summer and the rec. board hopes to benefit as much as possible by sending students. The board is sponsoring Carol Wojtkiw to a 10 day leadership course to Edson, July 24, but so far there

has not been anyone named to attend the Co-operative Youth Seminar to be held at Goldeye Centre. If you know of someone who is interested call Karen Weston at 266-3517.

Days are getting pretty hectic now with Frontier Daze only around the corner so the next regular meeting of the rec. board will be held June 8, one week earlier than usual.

The words are "Communicate" and "Co-operate" so if the board asks your assistance please do what you can.

## Gibbons Council protests dump closing

The Village of Gibbons Council at their meeting May 24th made plans to rework, gravel and oil the main street from the railway crossing east to highway 37, and work will commence as soon as weather permits. It was decided to send a written protest to the MD of Sturgeon Council on the closing of the garbage dump near Bon Accord.

Council met with Pat Sprague regarding a new alley by his lot, and members will have a look at the land and see the landowners involved on their thinking on the proposed lane.

The new water filter should be in operation this week, with good, clean, potable water distributed to all residents.

Lot 5 in Block 3 will be offered for sale by the village, including the buildings. A special meeting will be called for council to discuss the 1972 budget, now that all the requisitions are in.

TELEPHONES

A general meeting of all ratepayers having tele-

phones with AGT in the village will be held in the Gibbons Community Hall on Tuesday, June 13. The purpose of this meeting will be to discuss the future expansion of AGT services within the village and district of Gibbons. Notices will be sent out about the above.

## BON ACCORD Mill rate at 67

Council reconvened on Wednesday, May 24 to consider budget estimates for 1972. Because of the increase in requisitions for health and education, council found it necessary to increase the mill rate by three mills, making a total of 67 mills, made up as follows: Municipal 15; School Foundation Program 31; School Supplementary Requisition 16; Health and Miscellaneous 5.

Among the items of correspondence was an invitation from the MD of Sturgeon requesting a representative of the village to attend a meeting at Morinville on June 15 to discuss further refuse disposal areas. A member of council will attend.

A letter from the Department of Municipal Affairs stated that a special application form for mobile homeowners tax discount will be available in about two weeks.

## Who will win pony?

Over 8,000 free tickets will be mailed to schools within a 50 mile radius of Morinville, the Home of Frontier Daze. Every school child with a Free Pony Ticket will be given free entrance to the grounds plus a chance to be the winner of a live pony. Additional tickets may be purchased on the grounds. Who will be the lucky child to ride away on the pony won at Frontier Daze?

## Villeneuve 4H club stages fine program

By Julie Lesburg

The Villeneuve 4H Sewing Club held its Achievement Day recently. The program consisted of a variety of entertainment thoroughly enjoyed by the audience.

Dances were performed by Vernice Soetaert and Maureen Savole. A piano solo was presented by Arlene Tarves.

A demonstration was given by Carol Bokenfohr and Janice Kremer. A song about the trials of sewing was given by Unit One, first, second and third year members.

Colleen Sheehan, senior winner and Kim Klatt, junior winner, gave their speeches titled Forgive and Forget and Being a Green Thumb Horticulturist, respectively. A hilarious demonstration on the do's and don'ts of modelling was presented by three junior leaders, June Borle, Jocelyne Durocher and Connie Savole.

Articles made by members were displayed. Unit one showed wall hangings, tote bags and triangular hats. First year members modelled aprons and sleeveless dresses, and dresser runners were displayed.

The second year girls showed skirts and dresses.

Third year girls modelled

wool suits with accessories.

The fourth year members modelled turtleneck suits.

The nautical look came into view with a fifth year member modelling a long sailor style dress and her three little nieces modelling identical sailor dresses all made by the member.

This being the 10th anniversary of the sewing club, Colleen Sheehan made up a photo album of all the members and leaders since the beginning of the club.

Awards were presented as follows: Project Book - Senior, Colleen Sheehan; Junior, Maureen Savole. Displays, first - Maureen Savole; second - Arlene Tarves; Recreation - Arlene Tarves and Moira Sheehan.
